# A FREE and simple way to let people know if school is open

Update your status on the OpenCheck website  
*e.g. 'The school is closed due to a power failure'*

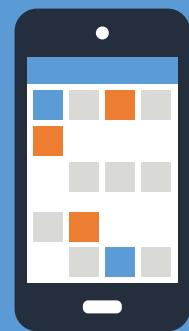

## The message will be pushed out:

1. As an automated phone answer message that can be listened to by calling the OpenCheck number, saving a run of people calling the school office
2. On OpenCheck.com to stop heavy traffic to your website

**-and/or-**

As an update to an RSS feed on your school website

3. As a free push notification to the smartphones of all those who have downloaded the ParentComms:Mobile app and registered for OpenCheck updates from your school

**Easily notify people when school has had to close.**

**For more information or to get set up with OpenCheck please get in touch:**
