

A FREE and simple way to let people know if school is open

Update your status on the OpenCheck website
e.g. 'The school is closed due to a power failure'

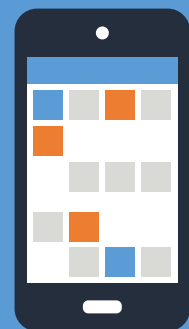

The message will be pushed out:

1. As an automated phone answer message that can be listened to by calling the OpenCheck number, saving a run of people calling the school office
2. On OpenCheck.com to stop heavy traffic to your website

-and/or-

As an update to an RSS feed on your school website

3. As a free push notification to the smartphones of all those who have downloaded the ParentComms:Mobile app and registered for OpenCheck updates from your school

Easily notify people when school has had to close.
